Since no females were represented on the council, management agreed to solicit volunteers to serve on the council. Col Wilson and Dee Dee Lowe were added after volunteering to serve.
 - b. Upcoming Projects. Management briefed the golf council the status of golf course projects. (see attached sheet).
 - c. Open Discussion. The council asked if shoe cleaners could be placed on the course. Management informed the council that 4 shoe cleaners had been purchased but not installed. They will be placed on the course immediately. SGM McCarthy asked if the rain covers on the golf cars could be replaced with new ones. Management informed the council that we had some new covers but they don't fit the carts. The covers are CPMC items and cannot be replaced due

to budget constraints. We should be receiving a new golf car fleet in FY08 which will have all new covers. CSM Cadet suggested staffing the driving range during lunch time and selling food and merchandise. Management informed the council that they will look at the possibility of doing so.

6. The meeting was adjourned at 1300 hrs. No future meeting dates were set, however the council tentatively agreed to meet quarterly.
